

Craft 'n Things March 2021: Paper Leprechaun Top Hats

Supplies:

- Cardstock with Top Hat Pattern
- Yellow Construction Paper with Buckle on It
- Black Construction Paper for Top Hat Ribbon
- Shamrock Sticker
- Glue Stick
- Scissors

Instructions:

1. Cut the pattern pieces out of the cardstock. (Make sure that just the teeth on the brim of the hat are cut out with the circle. The majority of the center can be cut out.)
2. Put your hat middle in front of you, horizontally. Place glue on the full length of the left side of this piece.
3. Put the two ends of the hat middle together (with the left side underneath the right) and press and hold firmly. Make sure the two pieces are sticking together.
4. Take the brim of the hat and place glue on the teeth of the pattern side of the paper. Fold the teeth up.
5. Place the teeth on the brim of the hat inside the hat middle. Press and hold each piece to the hat middle until they stick firmly.
6. Take the top of the hat and place glue on each of the outer rectangles. Fold the rectangles down.
7. Place the rectangles inside the hat and press and hold them together firmly. (You will want to place one hand through the bottom of the hat to do this.)
8. Take the black ribbon of construction paper and place glue on one side of it. Place this around the bottom of the hat just above the brim.
9. Cut out your buckle that is one the yellow construction paper.
10. Place glue on one side of the buckle and place it on the black ribbon of the hat.
11. Take your shamrock sticker and place it anywhere on the hat.
12. You have a paper leprechaun top hat.
